In regards to the board meeting on  
Monday night:

As your President, I would like to  
reiterate the fact that unsubstantiated  
allegations and rumors are NOT what  
we are about. As educators, we know  
that rumors can take the focus away  
from something that is more  
important.

I would ask you to NOT take part in  
this type of behavior. It can only serve  
to damage our schools! Below is the  
statement of the board. The rumors I  
have been hearing are wrong, if you  
are repeating or adding to them  
**STOP**. We are better than that.
